Its more than 625m<sup>2</sup> have been distributed over three floors and are subtly integrated into the environment, adapting to the natural slope of the land and allowing the blue of the sea to be present at all times in almost the entire house.

This property has many unique rooms that can be enjoyed at different times of the day, but if there is one that deserves a special mention, it is the master bedroom, a huge room bathed in natural light, distributed in such a way as to enjoy the sea views at any time, located in a separate module of the house, thus preserving its privacy from more public areas.
