NEW BUILD VILLAS IN FINESTRAT New residential construction of 22 villas located in Finestrat. Wake up every morning to the view of the sea and the green hills of the golf course that adjoins it. Enjoy the natural light provided by its large windows and its excellent orientation (long south-facing façade). The modern villas have 3 bedrooms, 3 bathrooms, an open kitchen with a spacious living room, fitted wardrobes, a terrace, a solarium, a private garden with a swimming pool and a parking space. The villas have a basement

and the inner courtyard has a lot of advantages, such as the extra space that can be used for recreational activities or for storage. The natural light and ventilation provided by the sunyard improves air quality and adds value to the property. You can turn this space into a cinema room, games room, personal gym, wine cellar, office... or anything else you can imagine. This extra space is especially useful for anyone looking for a home that fits their needs. Your Villas custom home is based on the idea of offering you a home that suits your needs, which is why each home can be 100% customized. Our team of architects and interior designers arrange each space to your liking to make your dreams come true. Modify the interior layout of the house (within the limits of the authorized construction possibilities). Add equipment to your wardrobes and increase storage capacity and order. Complete the equipment of your garden so that it best meets your needs (swimming pool and exterior finishes). Choose from different types of atmospheres and finishes to suit your tastes.
