Property Description

New Build Apartment Centro for sale on Costa del Sol.

1 to 3 bedroom apartments in a residential complex in the heart of Málaga with two common basements for garages and common areas on the ground floor. A building with the best views of the Costa del Sol. The residence has a concierge, laundry, multipurpose room, gym with toilets, rooftop swimming pool, large green areas and pedestrian areas and three elevators, in a newly created environment. The Guadalmedina River Park, a recently approved project, is close to the residence. The whole is perfectly served by public transport

and the motorway. If you like city life, but don't want to get away from nature, from your home you can enjoy the views of the city and the sea thanks to the great height of the building. Málaga is located in a privileged natural enclave: the Mediterranean Sea bathes its coasts and the mountains of Málaga, a natural park, surround it. The possibilities for tourism in the city are practically endless. In recent years, the city of Málaga has become a cosmopolitan center for international business and tourism, with a thriving artistic, cultural, and gastronomic scene. The Costa del Sol, with more than 320 days of sunshine a year and an average annual temperature of 20°C, is one of the most attractive places to establish your permanent residence or, if you prefer, to invest.
