### Property Description

Huge stone property to renovate built around an open courtyard with 3/4 acre

This authentic property has been used for World War II re-enactments and much of it remains in its original condition. One end of the property has been partially renovated to create a three bedroom house. There are plenty of character features and the vast proportions of the property and its outbuildings offer enormous development potential (subject to planning). There are inscriptions written in the lime on the second floor which are of historical interest.

The property is situated in the Manche department (Normandy region) in the north of France 87 km from Caen, 56 km from Cherbourg and 437 km from the port at Calais. The village is between La Haye du Puits (11 km) and Périers (9 km) with a number of amenities including shops and restaurants along with a Saturday market. It is a 30 minute drive to the larger town of Saint-Lô, with all its many shops and restaurants, and the train station where you can catch a train to Paris or Carentan (15 km). It is within 30 minutes of each coast of the peninsula with sandy beaches on the west and Saint Mère Eglise and the D-Day landing beaches on the East. It is 12.5km from Carentan-les-Marais, 24km from Coutances.

## Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty).

The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days cooling off period has expired. It takes an average of three months to buy a property in France.
