Property Description

Loft style Townhouse in a quiet area of a large city with garden

This property was renovated from an Old Chapel with extensions between 2020 and 2022. The property has a shared main door from the street, an internal courtyard area and then the door to the house. It has plenty of

character features and versatile accommodation. The rooms are light and airy and there is the possibility of 3 bedrooms, including one on the ground floor. A great deal of care has been taken in attention to detail on this atypical property. There is a delightful terrace and split level garden to the rear of the property with a workshop which would make a stunning summer kitchen/dining area.

The property is situated in the Manche area of Normandy. It is the prefecture (capital) of the Manche department and is 253 kilometres from Paris and 293 kilometres from Calais. Locally, there are all the amenities you would expect to find in a City, and a market on Fridays and Saturdays. It is 32 km from the Normandy D-Day Landing Beaches and 33 km from Bayeux. The nearest airport is at Caen Carpiquet.

Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
