Property Description

Unique architect-designed villa with impressive volumes and energy efficient thanks to the use of geothermal energy for reversible underfloor heating and a thermodynamic water tank.

The vast plot of approximately 3500m² is partly wooded and private. On the pool side, the Mediterranean

garden is easy to maintain thanks to a drip irrigation system and two wells.

The house consists on the ground floor of a spacious master suite with dressing room and bathroom with shower and bath; a laundry room, a large garage and a large living room with kitchen, lounge, dining room and TV lounge.

Upstairs are two other bedrooms with access to one of the terraces with panoramic views of the Albères, a bathroom, a WC and a large open office.

The advantages: very low energy consumption, possibility of extending the property, large car port, several terraces, major works still under the 10-year guarantee following numerous improvements, possibility of installing a pool...

Located in the village of Brouilla, a small central village in the plain located 15km from Perpignan, 15km from Cérét and 15km from Thuir and only 15 minutes from Argeles sur mer.

Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
