Property Description

This beautiful village house with large volumes built at the end of the 18th century, has benefited from several transformations and improvements over time.

The character elements are perfectly preserved: fireplaces, moldings, traditional floor tiles, large rooms and

high ceilings add a touch of distinction to this residence.

With a usable surface area of 380 m² including 290 m² of habitable surface, it is spread over two sides on 5 levels: ground floor, garden level + 3 and includes 10 spacious bedrooms (4 of them are in-suite), 1 common bathroom, giving access to the two spacious terraces with views of the surrounding mountains.

This house would be ideal for a large family, an hotel or a guest house project with large common areas, especially with the very bright living room of 70 m².

The garden with trees and swimming pool includes a pretty stone outbuilding, which can be transformed into a summer kitchen.

Located in the heart of the village of Ille sur Têt, close to amenities, small shops accessible at walking distance, Perpignan airport is 20 minutes away by car, the beaches 40 minutes and the mountains and its resorts at 1h30.

Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
