### Property Description

Situated in a quiet setting just over 2 kilometres from the historic village of Cordes-sur-Ciel, this delightful property comprises a 3 bedroom main house with a semi professional kitchen and two living rooms, a huge barn at the back, ideal for parking cars, a separate detached 2 bedroom cottage which is being let very successfully throughout the year, a 13m long swimming pool with gardens and grounds of 3030 sq.m and

lovely views. The furniture could be available subject to separate negotiation.

The whole property has been maintained to a high standard with a great deal of style and is ready to move into, the furniture could also be bought separately so all you will need will be your suitcases! As the gite has been successfully let, there is a business ready to take over with very little work. In addition, if only one bedroom in the main house was required, the other two could also be let for B&B thus making further income as they have a separate access.

The pretty 800 year old medieval village of Cordes-sur-Ciel is 10 minutes by car with commerces, schools, restaurants, supermarket amongst others and , of course, the market on Saturday mornings. Two train stations at Cordes Vindrac and Laguepie are available.

## Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
