Property Description

This house, of approximately 240sqm, was built with quality materials and benefits from a pioneering heating system for its time. Indeed, a reversible heat pump installed in a duct diffuses through the floor and ceiling, and ensures undeniable comfort. The noble materials used such as oak for the windows, chestnut for the interior doors, or elm for the staircase testify to the care taken in its construction. The entrance hall serves

an office, and opens onto a large living room with a closed fireplace. The kitchen, fully equipped and adjoining the dining room, benefits from a covered terrace with a plancha corner. A corridor serves two bedrooms each with a balcony, one of which has a connecting shower room. A bathroom, a toilet and a dressing room complete this ground floor. Upstairs, a mezzanine leads to two attic rooms that can be used as an office or bedroom. A corridor leads to a bathroom with toilet, and two more bedrooms with a balcony. The basement, representing the entire surface area of the house, has enormous potential and has a double garage, a workshop, an adjoining kitchen, and generous storage spaces. The 13 x 6 swimming pool, built in the shape of a bean, fits perfectly into this park of more than 4000 sqm, surrounded by vegetation and a clear view of the surrounding non-constructible meadows. Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
