Unique in Collioure. Ideally located on the seafront at only 800m from the town centre, easily accessible by foot by the coastal road, this is a hotel conversion, the "Arapède", into 24 luxury apartments all offering a breath-taking view of the sea, sunny and sheltered from the north-westerly Tramontana wind.

The residence, with its large private swimming pool, is a high-quality renovation project with air conditioning, lift and private parking spaces for each apartment. The surfaces range from 25 to 64m² with terraces ranging from 5 to 59m² or gardens from 14 to 63m².

Due to the Mediterranean coastline construction restrictions this is a one-of-a-kind opportunity to invest in such a unique property in this unspoilt and sought-after location.

This property includes 1 apartment and 2 private parking spaces and it is located in a co-ownership property with 24 apartments and 24 parking spaces.

Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
