Property Description

Exceptional contemporary barn conversion, offering around 235m²of habitable space comprising 5 bedrooms and 3 bathrooms, a large convertible space, a courtyard garden with pool, another garden with parking space, all on a private parcel of around 600m² located in the centre of a lively village in the Minervois.

The property forms one half of a larger wine barn dating from the 19th century, which was converted into 2 separate homes in the early 2000s. To the front, iron gates give access to a walled garden that is split in half between the two properties. The plot belonging to this property is large enough to park 3 cars, thereby providing rare off-street parking for the property. The main entrance to the building opens onto a communal space/hall giving independent access to each property. From here, impressive new barn doors open onto a vast space of approximately 165m², with high ceilings, windows already in place and concrete flooring. This space could be converted to provide further living space for the main house or to create two independent gites.

Stairs from this floor lead up to an attractive back courtyard garden where there is a swimming pool with a travertine tiled terrace, a summer kitchen and an al fresco dining area. There is also access from this end directly onto the street.

The main house is accessed via stone stairs from the courtyard. One enters onto a stunning open plan living room with a modern feature fireplace at its centre. The room is seamlessly divided into a living area, a dining area and a kitchen, which is fully fitted. A large glazed door, several veluxes and a glazed entrance door flood the space with light and give it a light and airy feel.

Just off this room is the master bedroom with WC and views onto the front garden. There is also a large family bathroom and another 2 shower rooms on this side. On the other side of the living room is an unfinished with possible independent access.

Two flights of stairs at either end of the living room lead to the 4 remaining bedrooms, two on each wing.

This amazing property is one of a kind, with its unusual architecture and layout, spacious contemporary living space, two outdoor spaces and room for expansion. It has a successfully history as a summer rental and offers various possibilities either as a primary or secondary residence, with income generating potential.

Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
