Property Description

Atypical Spaces offers you an apartment in the heart of Notre Dame des Champs of 20 m² with a terrace of 17 m² and a rooftop of 20 m² like a house suspended in the sky resulting from a careful renovation and sublimated by its owner.

In this ensemble the most famous painters from Gauguin to Modigliani practiced their art. The result of the reinterpretation is a living space dressed in contemporary materials softened by oak parquet flooring and bathed in through light which is spread over three levels.

Natural light permeates all of the spaces which benefit from a soft and warm atmosphere. The first level accommodates a discreetly hidden dressing room and a bathroom decorated with Italian mosaics.

Upstairs, the living room opens onto the kitchen in pastel tones which is organized around a central island dressed in white and leads onto the planted terrace, sheltered from view. Higher up, the rooftop offers an unusual and spectacular view of Paris and its most beautiful monuments.

Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
