### Property Description

In the sought-after area of Vincennes Est, nestled in the heart of a green setting, this VEFA real estate program offers you a set of atypical and eco-responsible housing.

Built around a majestic century-old cedar, the timber-framed building, clad in light bricks, offers generous and bright volumes.

The architecture of the building, combining aesthetics and performance, meets the requirements of the RE 2020 thermal regulations, thus guaranteeing optimal comfort in all seasons. Each living space is designed to combine elegance and durability, with quality materials, such as natural wood floors and oiled wood joinery.

Inside, the volumes are spacious and bright, with large openings allowing natural light to flood the rooms. The first level distributes an entrance with separate toilet, a living room-kitchen-dining room, a bedroom, a bathroom, a separate office and a separate toilet.

The open and modular living spaces allow for a tailor-made layout according to everyone's needs, while the living room, bathed in light, invites you to relax. The 1st floor distributes a lounge-games room, three bedrooms, two bathrooms and a separate toilet. Integrated home automation adds a touch of modernity, making everyday life easier while optimizing the energy performance of the accommodation.

The natural environment, highlighted by a careful architectural design, blends perfectly with the surrounding urban setting. The century-old cedar, a true anchor point of the project, recalls the constant connection with nature. This exceptional property, with high-end services and refined decoration, stands out for its atypical and eco-responsible character.

With an exemplary DPE, in accordance with RE 2020 standards, it offers a unique living environment, combining modernity and respect for the environment.

## Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
