Property Description

Between Chevreuse and Cernay-la-Ville, in the highly sought-after village of Choisel, this property tells a story: that of a 19th-century residence, set on a 550 m² plot with adjoining woodland, located on a 2,435 m² plot, completely redesigned by a qualified interior designer.

The house offers 136 m² of living space spread over two levels. The atmosphere is immediately apparent from the entrance: open spaces, flooding light, and quality materials blending together in perfect harmony.

Hemp, lime, wood... every detail has been thoughtfully designed with taste and coherence. The warm and bright 36 m² living room features a 360° Focus fireplace and opens onto a direct connection to the surrounding nature.

A pleasant, fully equipped kitchen leads to an 18 m² storage room with outdoor access, which can be adapted to suit your needs. A first bedroom or office on the ground floor, adjoining the living room, as well as a powder room complete this level.

A beautiful modern staircase leads upstairs, accessed by a landing that serves a master suite with two walk-in closets, as well as a large bedroom (easily divisible into two), accompanied by a bathroom to be completed (the fittings are already in place). Finally, a top floor under the eaves, with its exposed poplar wood frame and beams, offers a beautiful attic space to be converted according to your wishes (electrical and water connections pending).

A 20 m² insulated and heated outbuilding is an additional asset, ideal for an independent or artistic activity. A 28 m² vaulted cellar, sound and inviting, invites you to taste fine wines. An open double garage can accommodate two vehicles, with a large parking space available in front of the house. The private garden, not overlooked, offers peace and serenity.

Just 35 minutes from Paris, in a protected environment, this house is a true breath of fresh air. A contemporary, light, and inspiring country home, perfect for everyday living or weekend getaways.

Features: double-glazed wooden frames, wooden interior shutters, solid oak parquet flooring, cement tile floors in the bathrooms and entrance, eco-friendly thermal insulation (hemp-lime render), central heating (underfloor heating on the ground floor and radiators upstairs powered by an electric boiler), 200L hot water tank, water softener, central vacuum system, alarm, fiber optic internet.

Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
