Property Description

Les Issambres - Very spacious villa (ca.325m2) with 7 bedrooms + around SEA-VIEW!

Very spacious well maintained villa (approx 325 m2) with swimming pool (10 x 4 m) and a 270 SUPERB SEA VIEW from Saint Raphael on the bay of Saint Tropez !!

It is at the top of a street in a quiet area that you will pass the gate of the property. You will then find yourself

on the upper level, with a circulation space to go down to the swimming pool and a space to park a vehicle if necessary.

This first level consists of two separate apartments of approximately 75 square meters each, but which can be combined into one as was originally the case when the villa was built. Each apartment is bright and faces the sea, the living area being increased by a terrace-balcony of 30 square meters per apartment. The terraces communicate with each other. Apartment number one consists of an entrance hall, a kitchen, a living-dining room, a bathroom and two bedrooms each opening onto the balcony-terrace. Apartment number two consists of a large living-dining room and open kitchen (with a sea view of more than 180 degrees), a bedroom opening onto the terrace, and a shower room. A staircase will take you to the lower level with a landing and a small hall downstairs. Here again you will find two bright apartments facing the sea, with an average surface area of 70 square meters, with one having two bedrooms, one opening onto the terrace, two shower rooms, a dressing room, a living room and the open kitchen, a 30 square meter terrace communicating with that of the neighboring apartment. This second includes two bedrooms opening onto the balcony-terrace, a kitchen, a shower room, a living-dining room opening onto the upper terrace. A second terrace directly overlooks the pool below, which offers 60 square meters of terrace for this apartment.

At the level of the swimming pool (salt and infinity, giving you the impression of swimming in the sea) there is a terrace, a pool house.

On the top level of the property there is vegetation and trees. Every square meter outside the property is planted with flowers, which gives a colorful and lush appearance characteristic of this coastal region of Var. The villa was originally not divided, which makes it possible to consider knocking down partitions to restore the initial volumes, which would allow you to enjoy a living room of 80 square meters on the upper level. In addition to swimming, the location of the villa also gives you access to hiking trails in vast mimosa forests.

Buying French Property Just Got Easier...

The purchase process typically starts once you've visited a property with one of our agents and you made an offer on a property. Once your offer has been accepted, the property will come off the market and our local bilingual expert will liaise with you and the notaire. The compulsory searches are at the charge of the owner / vendor and are carried out at this stage.

You would have already been informed about the property taxes and legal fees (that incl. the stamp duty). The agency fees are already included in the listed price on this document, there's no premium for the superior service we offer. You don't have to pay the deposit until the 'pre-contract' has been signed, and the 10 days calling off period has expired. It takes an average of three months to buy a property in France.
