### Property Description

Châteauneuf-Grasse is listed in the inventory of historical sites of the Alpes-Maritimes. The city dominates the surrounding countryside and the bay of Cannes in the distance. Châteauneuf-Grasse is concentrated on a promontory which dominates the entire Vençoise plain. In the heart of this atypical small town, sprinkled with groves of plane trees and fig trees, the architecture is Provençal, steeped in history.

On the plain facing the Golf de la Grande Bastide, the residence is located in an area sought after for its green and residential character, so it is calm and peaceful. This new residence is part of a preserved environment surrounded by luxury houses and homes. Entirely closed and surrounded by raised gardens, this golf residence contributes to the vegetal and residential character of the district. Its contemporary, intimate architecture, with only two floors, offers wonderful exposure to the apartments. All are available for an outdoor space, terrace or private garden and a comprehensive view of the golf course and the surrounding area.

Châteauneuf-Grasse stunning design for new contemporary apartments

This project is modern and environmentally friendly, with an emphasis on light. Its sober facades, alternate shades and materials put on a simplicity of lines, reserving the sun highlights them. The retreats and advances of the position of the terrace judiciously according to the orientations play with shadows and light.

Exterior surfaces to prolong your well-being

You benefit from beautiful and generous green spaces and a swimming pool. Planted with olive trees, citrus fruits and exotic plants, these offer residents a preserved and pleasant nature setting. The apartments on the ground floor benefit from an enclosed private garden opening onto a peaceful and secure environment.

Space to give comfort its place in Châteauneuf-Grasse

We offer apartments and duplexes, decided from 2 to 5 rooms. They all benefit from neat fittings. The living rooms open onto a kitchen to free up space and extend into terraces or gardens. The ubiquitous bay windows and windows facilitate the dialogue between the interior and the exterior. The quality of your apartment design is just in the details of the moon. The services have thus been selected to guarantee a lasting sweetness of life and well-being.
