NEW BUILD LUXURY VILLAS WITH SEA VIEWS IN BENAHAVIS

Residential is the perfect symbiosis of luxury and sustainability. The project was strongly influenced by the constant dialogue with nature in order to imitate it without altering its conditions. A new concept of quiet, serene and friendly luxury that does not renounce sustainability is present in our design.

A set of 16 high-end villas located south of El Madroñal, one of the most coveted locations in Benahavís. This ambitious project combines an exceptional environment with endless views and the tranquility of living in a secure space.

Welcome to a haven where every detail speaks of elegance, where views create a web of tranquility, and where security and location converge to define the essence of a truly exceptional living experience.

In this residence, we are the luxury that is not noticeable, but that is clearly present. In this project, we combined space, privacy and freedom to build something that goes beyond just a home. Here you will discover a lifestyle where the extraordinary is not to have everything, but everything you can still experience. Spaces to live in. This is how we conceived this project from the beginning and created a scenario that was harmonious with the functional and, above all, the intimate.

Residential is a unique refuge that merges with nature, inviting each resident to transcend the barrier between natural and livable. An architectural exercise capable of redefining the limits of design, embracing the landscape and capturing its beauty from the inside out.

The idea is to build homes that are out of the ordinary, looking for the highest quality in the details and a unique personality that sets them apart. The soul of residential is defined by maintaining an uninterrupted connection with the environment, as if the surrounding natural landscape were a work of art that enhances and complements life in these spaces.

Summary

Property type: Modern Villa
Bedrooms: 5
Price: €6,495,000

Key Information

Internal Area: 142 sqm

Location:

Gallery
