Nueva Andalucia is a well-designed and attractive area located just west of Marbella where, as the name suggests, the villas and apartments are based on traditional Andalusian architecture and design. Nueva Andalucía is the largest area of Marbella, stretching over several square kilometers. Today, its main attractions are its large residential area, reasonable access to the motorway and Marbella and, for many, a short taxi ride home from the nightlife of Puerto Banús. As a large residential area, it has many small shopping malls and restaurants for those who don't want to venture outside, rain or shine.
